MEETING TO FORMULATE PLANS FOR "GLORIOUS FOURTH."

Deep down in our hearts we all revere the glorious traditions of America, especially with reference to the "Glorious Fourth of July," the Nation's natal day, when independence was born, and the United States of America became a reality. For years the celebration of the day was one of the greatest events in the country's history. With the advent of the world-war, stepping as it did into the center of the stage in an awe-inspiring manner and sweeping aside everything else, the good old custom fell away, and was almost abandoned. Now it is coming into its own again.

Several days ago THE NEWS dropped a hint to the good people of the city and county that now would be a good time to renew the good old-fashioned celebration of the day, and make it especially a testimonial to the returned soldiers and sailors of the country. The seed fell on well-tilled ground, as is attested by the fact that a meeting has been called to be held at the court house in this city next Wednesday night, at 7:30 o'clock, for the purpose of discussing the matter and looking to plans and working up interest in the proposed celebration. Coroner Rudolph Davis is in charge of the matter, which insures something will be done. The ladies are especially invited to attend this meeting, as they are as much interested as any others. Remember the meeting at the court house next Wednesday night, at 7:30, and be there.

PARIS NO SLACKER

The city of Paris can proudly boast that it has never been in the "slacker" class in any of the various patriotic or religious drives which have been inaugurated for the support of our country or the betterment of mankind. It is a good record—one worthy of being maintained.

BOURBON MAN VICTIM OF RUN-AWAY ACCIDENT.

Mr. Edward Allen, a prominent farmer of Bourbon county, was the victim of a runaway accident near Mt. Sterling, Tuesday, when the horse he was driving took fright and ran away.

Mr. Allen was driving a young horse hitched to a cart, and when passing a steam roller on the Maysville pike, at a point about two miles from Mt. Sterling, the animal became frightened and ran away, throwing the driver violently to the ground. Mr. Allen was badly bruised about the face and body, but while injuries are painful they are not thought to be serious. The injured man was taken to his home.

Just a few days previous to this Mr. Allen's wife was thrown from her buggy while returning home from a shopping expedition, sustaining painful bruises. Two boys racing on horseback ran into her buggy, frightening the horse, which shied, throwing the buggy over and wrecking it.

Summons to attend a meeting of the Board of Tax Supervisors at the Bourbon county court house have been mailed out by Sheriff Will G. McClintock to farmers of Bourbon county. A net increase of twenty per cent. in valuation of their farm lands is faced by the farmers according to information current yesterday. The assessed valuation of Bourbon county farming lands at present is \$114 an acre.

INTERESTING OIL NOTES

Mr. John M. Stuart, of the Bluegrass Oil Exchange, visited the Allen county oil fields on a tour of inspection several days this week in the interest of the Greater Kentucky Petroleum Company, in which he is interested. He will return to-day.

Mr. George Keller, of Dallas, Texas, who, with his wife, is visiting his parents, Dr. and Mrs. A. H. Keller, in this city, received a telegram Wednesday morning from the gauger in charge of his oil properties at Ranger, Texas, stating that their well No. 3 had "come in" and was showing a capacity of one thousand barrels per day. Their No. 4 well will be due to come in to-morrow. These wells are situated in what is now fast developing into one of the richest oil fields in Texas.

A number of oil companies and oil operators have failed to take note of the importance of computing their federal income tax, in accordance with the act of 1918. This tax is due June 15, after which date a penalty of 5 per cent. will be added. This tax should be paid to the income tax representatives before that date. In order to understand the method of computing this tax, it is necessary to make a thorough study of the Treasury Department Bulletin No. 45, Oil and Gas Manual. This is said to be very intricate, and has a careful table of depreciation, with a scale to govern each field.

Oil men are considerably stirred up over activity in Carter and Elliott counties, where Cincinnati interests are reported signing up leases for all property available. One group of Cincinnati interests is reported to have leased 6,300 acres in Carter and Elliott counties as a result of the discovery of oil shale. When news of this discovery leaked out, a rush of geologists and oil men followed, with the result that right now Carter and Elliott counties are the scene of much oil activity. Several producing oil and gas wells already have been found in the southern part of Elliott county. With this indication of oil, it is not overstepping the mark to believe Carter and Elliott will be as big oil producing counties as any in the State. Geological formations of mounds and knobs, such as were found in Allen, Warren and Barren counties and resulted in bringing in one of the State's biggest fields, are everywhere evident in Carter and Elliott counties.

THE LANE OIL COMPANY.

The Lane Oil Company is one of the latest additions to the oil world in Bourbon county, and was organized and is now controlled by Paris people, all connected and interested in other local companies.

The Lane people have acquired what promises from its location as to surrounding wells and properties a very valuable tract on Hell Creek, in Lee county. It adjoins properties of the Bachelor Oil Co., The Atlantic Refining Company, and many of the largest companies operating in the field. The company's lease looks especially attractive, due to the fact the wells immediately adjoining are in the hundred-barrel class, and get better right up to the property than at a distance.

This Company has on all outside markets, such as Winchester, Louisville, etc., oversold its issue of ten-cent stock, and the books are rapidly nearing the closing point here in Paris, where a small allotment is being offered, and as negotiations are now being made for the drilling of some wells, this Company is in line to be one of the big producers of the State.

The Company owns other leases in Lee County, and is pumping its one well on the Lane lease at the present time.

BOURBON EXCEEDS QUOTA IN CENTENARY MOVEMENT

The Methodist Missionary Centenary Campaign, which came to a close at midnight Tuesday, is reported to have greatly exceeded the quota of \$35,000,000 asked for from the Southern Methodist Church, according to an announcement made from the Nashville, Tenn., headquarters to Mr. H. A. Power, of Paris.

The quota for the Kentucky conference was \$620,000, and the amount acknowledged up to Tuesday night was \$649,730, or more than \$29,000 over, with a number of reports yet to be made.

The Frankfort Conference, in which Paris is included, and of which Mr. H. A. Power is conference director, has gone "over the top" by \$3,000, with three charges yet to be heard from. The quota for this conference was placed at \$100,000 and the last report made public shows that \$102,962 had been subscribed.

STILL "RUBBING IT IN."

Representative Mansfield, of Texas, Democrat, has introduced a bill in the House, at Washington, advocating one-cent letter postage, but increasing charges on advertising sections of paper and periodicals under the zone war. Bent on "rubbing it in" it seems, on the printing fraternity!

IN THE SERVICE OF THEIR COUNTRY.

Private John Monson, who recently returned from overseas, where he had served with the Field Artillery for several months, is spending a fifteen-day furlough with his father, Mr. Charles Monson, in this city. He expects to be discharged from the service upon his return to Newport News.

Private Simon Buchanan, who has been on overseas duty in France for several months, has returned to his home near Clintonville, having received his honorable discharge from the service. Since arriving in America from overseas he has been stationed at Camp Dix, in New Jersey, where he was mustered out.

Mrs. Julia Harpe, of Paris, has received a telegram announcing the arrival at Trenton, New Jersey, from overseas of her son, Private C. Webster Harpe. Private Harpe came back on the transport, Panama, which landed May 23, and was sent to Camp Dix, New Jersey, where he will receive his final discharge papers.

According to advices received in this city by friends and relatives, Mr. Robert T. Hinton, formerly of Paris, and more recently a member of the Georgetown College faculty, who has been in France for several months, will soon return to America. He will resume his former position on his return as Director of Athletics at Georgetown College. He has been engaged in Y. M. C. A. activities in England and in France.

Louis M. Tyree, son of Mr. and Mrs. Clyde Tyree, of Paris, enlisted in the U. S. Navy, at the Lexington recruiting station, and was sent to Louisville, from where he will be assigned to a training ship. Three thousand men is the quota of Kentucky and must be gotten before reserves are discharged. Vacancies are open for men of 18 to 30, from apprentice seaman to yeoman. Must-guards are also needed.

Capt. (Dr.) J. A. Orr, of Paris, who has been in France and England for several months on special duty, sent his father, Rev. Dr. B. F. Orr, retired Methodist minister, of Paris, another batch of German helmets captured from the Huns in one of the big world-war battles. The letter following the souvenirs indicated that when the letter reached him, he (Capt. Orr) would probably be en route to America. Capt. Orr was with the Medical Corps in the Fifth Battalion, Twenty-Second Engineers, U. S. A.

Mr. Newton Mitchell, Superintendent of the Paris Water Co., was in great good spirits Wednesday morning. He had just received a telegram from his son, Corp. Jos. G. Mitchell, stating that he had just landed in New York, was in fine health, and would be home in a very few days. Corp. Mitchell has been on overseas duty in France for over a year, being in the railway branch of the service, with the Engineer Corps. His return safe and sound will make an eventful day in the lives of his parents, who have been looking forward with great eagerness to his home-coming.

News has reached Paris of the promotion of Maj. A. J. Skillman, Jr., of Paris, to that of Lieut.-Colonel, in the U. S. Army, which honor was recently conferred. Lieut.-Col. Skillman is a son of Mr. and Mrs. Charles M. Skillman, of Paris, recently residents of North Middletown, and is a grandson of Andrew J. Skillman, of Paris, one of the best-known farmers in the county. He was sent to France in June, 1918, his rise being very rapid. He was appointed Major, and from that to his present rank of Lieut.-Colonel, which was conferred on March 6. In a letter to his parents he stated that his army corps was expected to return home about September 1.

Private Leo Grosche, formerly of Paris, after fourteen months of hard service with the Railway Signal Corps of the American Expeditionary Forces in France, has arrived in Paris, Ky., for a visit to his brothers, Joseph, Henry and William Grosche. Private Grosche was mustered out of the service at Camp Zachary Taylor, and will spend some time in Paris in recreation before venturing in active business life again. His letters from France published in THE NEWS were among the most interesting of any we have received and were greatly enjoyed by our readers. Leo says La Belle France may be a fine country to romance about, but that when he got back to the American shores nothing seemed much better to him than the feel of good American soil under his feet.

REAL ESTATE TRANSACTIONS

Mrs. Josie Alexander Endris, of Chicago, sold this week to Mr. and Mrs. White Varden, the two-story frame residence on Vine street, at a price said to be about \$3,500. The property is now occupied by Mr. and Mrs. Varden.

Judge H. Clay Howard purchased this week of Hugo Alexander five one-story frame rent cottages on East Tenth street, near the Louisville & Nashville passenger station, for \$10,000. The cottages are all occupied at present, and are very desirable properties.

Mr. Clifton Dalzell, who recently purchased the Maplewood Farm on the Jackstown pike, from Mr. John Sauer, has purchased twenty-five acres of land near the Maysville pike, belonging to Mr. Steele Marsh, and adjoining the Marsh farm, for about \$350 an acre. Mr. Dalzell will join his new purchase to the Maplewood Farm, making a total of about 250 acres in the tract.

One of the largest transactions in farming lands in Bourbon county in recent years took place this week when John Leer sold to James Ralls his farm near Millersburg, located on the Jackstown pike, for \$75,000. The farm contains 248 acres, and is known as the Grimes place. It was purchased by Mr. Leer last fall from Mr. Dan Hurst at an amount considerably less than what Mr. Leer received for it.

WHY DOCTORS PRESCRIBE THE NEW CALOMEL

Medicinal Virtues Retained and Improved—Unpleasant and Salivating Qualities Removed—
New Variety Called
"Calotabs."

Of all the medicines in the world, doctors prescribe calomel most often and depend upon it most universally. There must be a good and sufficient reason—what is it?

If you will study the doctors' books you will find that the medical authorities prescribe calomel for almost every disease. The reason is that calomel is the greatest and only thorough system-purifier. It makes the liver active, drives out the poisons from the stomach, bowels and kidneys and thereby purifies the blood. Calomel puts the entire system in the most favorable condition for nature to exercise her recuperative power. That is why he prescribes calomel so often.

The new kind of calomel, called "Calotabs," is refined and purified from all of the nauseating and dangerous qualities of the old style calomel and is rapidly taking its place, for it is more effective than the old style calomel as a liver-cleanser and system-purifier. One Calotab at bedtime, with a swallow of water—that's all. No salts, no nausea, nor the slightest unpleasantness. Next morning you awake feeling fine—with a hearty appetite for breakfast. Eat what you please. No restrictions of habit or diet.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Recommended and guaranteed by druggists everywhere. Your money back if you are not delighted. (adv)

—Miss Mary Boston and children, of Midland, Texas, arrived Tuesday at the home of her sister, Mrs. C. B. Smith. They have come to make their home in Millersburg, and will occupy a part of the residence of Mrs. Mary L. Hoffman. Mrs. Boston was formerly Miss Mary Smedley, the youngest daughter of the late J. G. Smedley. Her early life was spent in Millersburg, and her many friends here welcome her return.

—Mr. A. J. Butler, in the seventy-fourth year of his age, died Thursday at 9:00 p. m., after a lingering illness at his home on Vine street. He had been in failing health for several months, and for some time his family has realized the end was near. The cause of his death was general debility.

He had spent the greater part of his long and useful life in and around Millersburg. He was a carpenter by profession, which trade he followed from young manhood almost to death. He was a devout member of the Methodist church, and had been for many years attentive to all his church duties, and always in his accustomed place, in the church at every service. He was a life-long attendant of Sunday School, and in his later years reported to his Sunday School the number of minutes spent each day in Bible and Sunday School work.

When a young man he was united in marriage to Miss Elizabeth Hamm. Their married life was happy and their union was blessed with eight children; three sons, W. A. Butler and Rufus Butler, of Millersburg, and Richard Butler, train dispatcher for the L. & N. R. R. at Ravenna; five daughters, Misses Sue, Nannie, Lydia, Bessie and Bruce Butler. His wife and his youngest daughter, Miss Bruce Butler, preceded him to the grave. He is also survived by one sister, Mrs. Stevens, of New Albany, Indiana.

The funeral was held Wednesday at 2:30 p. m., at his late residence. Services were conducted by his pastor, Rev. J. W. Gardner, of the Methodist church, assisted by Dr. C. C. Fisher, of the M. C., after which the remains were laid to rest by the side of his wife and daughter in the Millersburg Cemetery. The floral tributes were numerous and beautiful, which partly attested the high esteem in which the deceased were held. Pall-bearers were as follows: H. D. Jones, A. S. Miller, D. P. Jones, J. F. McDaniel, A. S. Best and R. C. Borner.

—The W. C. T. U. convention of the Seventh District, convened at Millersburg, Tuesday night. A small number of delegates came in Tuesday evening, while quite a large number were in attendance on Wednesday, most of them coming and returning the same day. The convention was called to order Tuesday at 8:15 p. m., with Mrs. Julia Gunn in the chair. Several short addresses were made, after the address of welcome, by Rev. J. W. Gardner, of the Millersburg Methodist church, after which the convention adjourned until 9:30 a. m. Wednesday, at which time it was again called to order, with Mrs. Gunn in the chair. The morning session was taken up with the regular routine of business, the hearing of reports, and of standing and special committees. Several important features concerning W. C. T. U. work were discussed. At noon an adjournment was taken until 2:00 p. m. A delightful and bountiful lunch was served by the local chapter to the visitors and its own members. The early part of the afternoon session was taken up by the regular routine of business. At 3:30 Miss Sweeney addressed the convention, subject "With Our Boys in France." She was greeted with a good audience, and delivered a beautiful address, giving an insight into French living and customs, and a beautiful comparison between the American soldier boy and those of the other Allies, closing with a beautiful tribute to the American soldier. At the close of her address the Committee on Resolutions made its report. Among other things reported it asked Congress to not repeal the war measure on wine and beer, as recommended by President Wilson. A copy of the resolutions were ordered sent to Congressman Cantrill, of the Seventh District. Then followed the election of officers. Owing to the lateness of the hour there could be no nominations, and the old officers were re-elected, by the depositing of one ballot. At 4:55 p. m., the convention adjourned until 8:15, at which time it was again called to order by Mrs. Gunn. A large audience was in at-

tendance. After a good musical program, which had been one of the characteristic features of the occasion since its opening and a little miscellaneous business, Hon. George W. Bain, of Lexington, the renowned temperance orator, delivered a forcible address along the line of W. C. T. U. work. He was at his best and though older than he once was, he possesses all the magnetism of former years. His address was full of thought and all who heard him were repaid for being present. At 10:00 p. m., the convention adjourned, the delegates leaving for their respective homes Thursday morning.

SUBSTITUTE FOR TUNGSTEN STEEL.

Owing to the acute shortage of tungsten for making high speed steel one of the developments of the war was the manufacture and successful use of an alloy for this purpose, which is without tungsten. This steel, high in chrome and cobalt, is now being used for the fabrication of dies and tools, being offered as a substitute for both carbon and tungsten high speed tool steel. The pig metal brought from England is melted at a Cleveland plant in a crucible and cast in molds in the form desired. The pattern makers make the same allowances for shrinkage as they do for soft steel. The alloy is being cast into blanking, drawing and forming dies, hot and cold trimmers for forge work, milling cutters, counter sinks, slotting saws and bending rolls.

ABOUT RHEUMATISM

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

Bitter or Better Baking

A letter makes a great difference in a word. A word makes a great difference in baking powders.

If the little word "alum" appears on the label it may mean *bitter* baking.

If the word ROYAL stands out bold and strong, it surely means **BETTER** baking.

This is only one reason why it pays to use

FATHER'S DAY OBSERVED AT THE BAPTIST CHURCH.

The announcement that "Fathers' Day" would be observed at the Baptist Church, last Sunday, May 25, attracted a large attendance both at Sunday School and at the church service.

After the lesson period in the school, a very entertaining program of musical numbers and recitation was rendered. Mr. J. T. Tucker, superintendent of the school presided, opening the exercises with a cordial welcome to the fathers who were present, occupying the space reserved for them.

Bright spring flowers were used to decorate the pulpit, and Mrs. T. W. Spicer presided at the piano and

Miss Patsy Clark at the organ. The following program was given:

Recitation—"A Dream of Fathers' Day"—Roy Patterson.

Song—"Have for a Father, Somewhere To-day?"—T. W. Spicer.

Recitation—"Chorus"—Dick Tucker.

Violin Solo—Thos Spicer.

Song—"My Father's Honored Name"—Men and Boys of the Sunday School.

At the regular morning service, Rev. M. T. Rankin, of Louisville, who has supplied the pulpit for four Sundays during the absence of the pastor, Rev. R. C. Goldsmith, preached a sermon appropriate to the occasion, using for his text Deut. VIII, 22, and exhorted fathers to build "Battlements" about their homes for the spiritual protection of their children as the Jews of ancient times were in-

structed to erect battlements on their housetops as physical safeguards suggesting as the modern battlements, (1) The recognition of God; (2) Prayer; (3) Knowledge of the Bible; (4) Allegiance to the church; (5) The recognition of parental authority, and (6) Personal character.

The sermon abounded in practical suggestions and advice, and was heard with profound attention and interest.

The announcement was made that Rev. Goldsmith will return this week from a Louisville hospital where he has been under treatment for several weeks, and will occupy his pulpit on Sunday morning and evening.

Also, that the revival services, which have been in contemplation for several months, will begin Monday evening, June 2. Rev. B. B. Bailey, of Maysville, will conduct the series of meetings to which the public is cordially invited.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. The Rengo Belt feature of tailoring has become famous among medium and stout women, because it solves the problem of retaining shapeliness where the greatest strain comes over the abdomen and hips. Note the exclusive method of boning this portion of the garment, then wear one Rengo Belt model—you will find your first supreme corset satisfaction.

YOU'VE HEARD THE SAYING, "IN THE TALL GRASS?"

There's a competition evidently going on among certain agriculturists in certain parts of the State as to who will raise the tallest stalks of bluegrass.

Sometime ago an Iowa farmer stated in a farmer's journal that he had raised bluegrass on his place which measured thirty-seven inches in height, which he considered to be a record-breaker.

A Bourbon county farmer recently brought to the Bourbon-Agricultural Bank & Trust Co.'s office a half-dozen stalks of bluegrass grown on the W. O. Shropshire farm on the Gano Hill pike, near Centerville, which measured fifty inches in height. The stalks are now on exhibition in the window of the Lexington Herald branch office, on Main street.

The Mt. Sterling correspondent of the Lexington Herald gets into the competition with the following yesterday:

"For the tallest bluegrass ever grown Andy Wills, of this county, has the record, having brought in some grass stalks that measure 55 inches. It is on display in the Advocate office windows, and is attracting much attention from farmers and others."

The Cynthiana Democrat comes into the game by throwing in this one:

"Ezra McCauley almost equalled T. T. Garnett's Missouri bluegrass record, as mentioned in THE Democrat last week. He brought to this office Saturday a bunch grown on his place that measured 4 feet 4 inches in height."

Editor Hiram Duley, of the Flemingsburg Times-Democrat, had evidently heard something about "tall grass," too. He comes in with the following contribution: "Fleming county does not take a back seat for any of them, whether they hail from Iowa or from the hub of the bluegrass about Lexington. Tuesday morning Henry S. Howe, of Elizaville, brought in samples of his bluegrass measuring 45 inches in length, and they can now be seen hanging in our office."

WOMAN'S WORK DIRECTOR RECEIVES COMMENDATORY LETTER.

With the cessation of work in the basement of the court house and the necessity for further Red Cross sewing, the quarters have been abandoned and silence reigns supreme where for many weeks was heard the hum of the machines and the click of the needles. The following commendatory letter was received recently by Mrs. Owen L. Davis, Director of Women's Work of the local Red Cross Chapter, from the Lake Division of the American Red Cross at Cleveland, Ohio:

"Mrs. Owen L. Davis, Paris, Ky.

"My Dear Mrs. Davis:—I assure you that you have an honorable discharge from this office. It is with regret that I give it, but I realize that your long and faithful service merits the same.

"You will be pleased to know that Kentucky has gone over the top because the directors of women's work have heard the call and responded nobly. We have finished 82,000 garments, which have been cut, assembled, shipped to Kentucky, made and reshipped since March 1. In addition to these 10,000 were made out of the material in the hands of the Chapters. I think this is a very wonderful record and I am very proud of both the results and the women who have made them possible. I was very grateful indeed to know that you had responded to Millersburg's call.

"Thanking you most sincerely for your loyal support, and hoping that I may have the pleasure of meeting you many times in the near future, I am,

"Cordially yours,
"LIDIA HAFKORD,
"Executive Secretary for Kentucky."

As director of the work in this city Mrs. Davis was assisted by Miss Lillie Williams, Mrs. John Kiser, Mrs. Ollie Marshall, Mrs. Robert Meier, Miss Annie Megee and Mrs. H. Clay Howard, the latter being Chairman of the Surgical Dressings Department. The receipts of the Paris Red Cross Chapter since July 7, 1918 aggregated the sum of \$12,853.04. The Home Service Department of the Chapter in the Bourbon-Agricultural Bank building, at the corner of Main and Broadway, will remain open indefinitely, being in charge of Miss Macie Talbott.

I. O. O. F. OFFICERS "JEWELLED."

At the recent session of the Grand Encampment of Kentucky, I. O. O. F., held in Providence, Mr. Perry J. McCord, of Paris, the retiring Grand Patriarch, was awarded a handsome Past Grand Patriarch's jewel. A jewel was also presented to Senior Past Grand Patriarch R. G. Elliott, of Lexington.

By a resolution, adopted some years ago, it is the duty of the Grand Scribe to present a Past Grand Patriarch's jewel to the retiring Grand Patriarch, and to one Past Grand Patriarch who had served as Grand Patriarch before the decision was made to award these jewels.

The Grand Scribe, who is a Past Grand Patriarch, was the lucky senior this year, and was, therefore, required to present the jewel to himself, which he did with a neat and appropriate speech.

TRANSFERS U. S. S. DUTIES

Owing to a press of important business matters in which he is vitally interested, and which require his undivided attention, Mr. Silas E. Bedford, President of the Deposit-Peoples Bank & Trust Co., of Paris, has declined to act further as Chairman of the War Savings Stamp fund campaign. Postmaster J. Walter Payne has been named by the Government authorities as his successor.

During the campaign Mr. Bedford, in the capacity of Chairman, gave much valuable assistance to the work and by his good business judgment in financial affairs, led the way through many difficult situations.

War Savings Stamps will be on sale at the postoffice. Those who purchased stamps of the 1918 issue can purchase of the 1919 issue up to \$1,000 for each member of the family. The sale of stamps has already assumed considerable proportions.

"UNCLE BILL" SCHOOLER TOUTED FOR OFFICE.

The Mt. Sterling Gazette says: "Wm. F. 'Uncle Bill's' friends are touting him as a candidate for the Republican nomination for Railroad Commissioner in the Second District, which is very close. Mr. Schooler is a former Mt. WANTS DIVORCE FROM WIFE
AND RETURN OF LAND.

Mr. Lyle Jacoby, well-known farm-
er of the Hutchison precinct, filed a
suit in the Bourbon Circuit Court,
Wednesday afternoon, asking for di-
vorce from his wife, Emma Isgrigg
Jacoby, and the return to him of
Bourbon county land valued at about
\$25,000, which he had deeded to her
shortly after their marriage.

The petition states that they were
married in October, 1886, and sepa-
rated in August, 1916. The plaintiff
was a farmer and stock raiser, and
deeded to his wife his one-half inter-
est in his farm, the other one-half
being owned by his brother. The
brother's half finally came into the
possession of his wife, he states, and
adds that the only consideration he
had for deeding his property to her
was love and affection.

COLLAR BONE BROKEN.

Swift McGoldrick, Chief of the
Paris Fire Department, suffered a
broken collar bone yesterday after-
noon, while assisting Officer George
Hill in rounding up some stray stock
in the White Addition. A call was
sent to police headquarters that a
number of ponies were running loose
and damaging flower beds and gar-
dens. Officer Hill and Chief Mc-
Goldrick went to the scene in the pa-
trol wagon. McGoldrick caught two
of the ponies by their halters, and
they began to run, throwing him vi-
olently against a telephone pole, and
fracturing the shoulder bone.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicted people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. Kidney disease is usually indicated by weakness, sleeplessness, nervousness, dizziness, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

BLACKBERRY PROSPECTS PROMISING.

Reports from every section of Kentucky show that there will be a record-breaking crop of blackberries this year. Last year there were no berries and the bulk of the bushes were killed down to the ground by the severe winter. But now the bushes have put out again and they are loaded with blooms and small berries as they were never known to be loaded before. Blackberries are always in demand, but with the high cost of everything else, blackberry hunting promises to be in high favor this summer with all classes.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

WILL EXAMINE WHEAT CROPS FOR "TAKE ALL."

Examination of the wheat crop of Western Kentucky for a new disease, "take all" or "root rot," which has been disastrous to wheat in sections in Indiana, will be made by Professor Frank T. McFarland, who is in charge of plant disease surveys in the State. He left yesterday for an extensive trip through the affected regions of Kentucky.

The new disease was brought to this country in a shipment of wheat from Australia, and so far no remedy has been found for it. The best preventative for the disease is the isolation of the fields in which it has appeared. It is estimated that it will live in the soil for twenty years, though no wheat may be planted there. The disease has been discovered in one county of Illinois and four counties of Indiana.

FRANK BURTON

A PROCLAMATION BY PRESIDENT WILSON.

The Boy Scouts of America have rendered notable service to the nation during the world war. They have done effective work in the Liberty Loan and War Savings campaigns, in discovering and reporting upon the black walnut supply, in co-operating with the Red Cross and other war work agencies, in acting as dispatch bearers for the Committee on Public Information, and in other important fields. The Boy Scouts have not only demonstrated their worth to the nation, but have also materially contributed to a deeper appreciation by the American people of the higher conception of patriotism and good citizenship.

The Boy Scout movement should not only be preserved, but strengthened. It deserves the support of all public-spirited citizens. The available means for the Boy Scout movement have thus far sufficed for the organization and training of only a small proportion of the boys of the country. There are approximately 10,000,000 boys in the United States between the ages of twelve and twenty-one. Of these only 375,000 are enrolled as members of the Boy Scouts of America.

America cannot acquit herself commensurately with her power and influence in the great period now facing her and the world unless the boys of America are given better opportunities than heretofore to prepare themselves for the responsibilities of citizenship.

Every nation depends for its future upon the proper training and development of its youth. The American boy must have the best training and discipline our great democracy can provide if America is to maintain her ideals, her standards and her influence in the world.

The plan, therefore, for a Boy Scout week during which a universal appeal will be made to all Americans to supply the means to put the Boy Scouts of America in a position to carry forward effectively and continuously the splendid work they are doing for the youth of America, should have the unreserved support of the Nation.

Therefore, I, Woodrow Wilson, President of the United States of America, do hereby recommend that the period beginning Sunday, June 8, to Flag Day, June 14, be observed as Boy Scout Week through the United States for the purpose of strengthening the work of the Boy Scouts of America.

I earnestly recommend that, in every community, a Citizens' Committee under the leadership of a National Citizens' Committee, be organized to co-operate in carrying out a program for a definite recognition of the effective services rendered by the Boy Scouts of America; for a survey of the facts relating to the boyhood of each community, in order that with the co-operation of churches, schools and other organizations, definitely engaged in work for boys, adequate provision may be made for extending the Boy Scout program to a larger proportion of America boyhood.

The Boy Scout movement offers unusual opportunity for volunteer service. It needs men to act as committeemen and as leaders of groups of boys. I hope that all who can will enlist for such personal service; enroll as associate members and give all possible financial assistance to this worthy organization of American boyhood. Anything that is done to increase the effectiveness of the Boy Scouts of America will be a genuine contribution to the welfare of the nation.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done this first day of May in the year of our Lord, one thousand nine hundred and nineteen, and of the independence of the United States of America, the one hundred and forty-third.

(Signed) WOODROW WILSON.

ROBERT LANSING,
Secretary of State.

THE TEST OF MERIT

Paris People Are Given Convincing Proof.

No better test of any article can be made than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a Paris resident who used it successfully and tells of lasting results.

Read the following:
Geo. McCandless, Second street, says: "My kidneys were inactive and I had backaches. Doan's Kidney Pills put a stop to all the troubles and they have me complete relief." (Statement given January 17, 1912.)

No Trouble Since.

Over four years later, or on November 9, 1916, Mr. McCandless said: "I haven't had any need of a kidney remedy since I last endorsed Doan's Kidney Pills. I consider myself permanently cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCandless had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

GOVERNOR TO REQUEST STATE FLAG TAKEN BY BRITISH.

ASSERTS CHANGE NOW EVIDENCED

"I'm Like a Different Woman, Since Using Trutona," Mrs. Thompson Says

PADUCAH, KY., May 29.—Mrs. C. F. Thompson, 45 years old, a well-known Paducah woman of 710 South Fifth street, is among the large number of local residents who are saying that they "feel like different persons" since taking Trutona.

"I had suffered from a catarrhal affection of the head, nose and eyes for several years," Mrs. Thompson said. "Mucus would accumulate in my throat until my head and nose would become terribly stopped up. My eyes were usually inflamed and would 'water' until I'd be almost frantic."

"I feel like a different woman since taking Trutona. My head does not 'buzz and ring' as it did before and my nose and head are not stopped up any more. The inflammation and watering of my eyes is also greatly improved. Trutona has been the first medicine to give me relief, although I'd tried many before, and I highly recommend it to those suffering from catarrhal troubles as I did."

Trutona is now being introduced and explained in Paris at G. S. Varden & Son's. (adv)

CONQUERS HIS SHYNESS.

A certain surgeon who was very young and rather shy was invited to dinner by a lady who was at least 50 but frivolous enough to be 20. She imagined herself very clever when making rude remarks. At dinner she asked the young surgeon to carve a fowl, and, not having done so before, he failed lamentably. Instead of trying to cover his confusion, the hostess called attention to it pointedly by looking down the table and saying loudly:

"Well, you may be a very clever surgeon, but if I wanted a leg off I should not come to you to do it."

"No, madame," he replied politely, "but then, you see, you are not a chicken."

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coupler and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

KENTUCKY TRACTION AND TERMINAL COMPANY

SALVATION ARMY LEADER MAY COME TO KENTUCKY.

Commander Evangeline Booth, of the Salvation Army of America, may come to Kentucky to take part in the Home Service Fund Campaign to be conducted June 23 to 30, according to announcement from State Headquarters at Lexington. Colonel I. Sobel, State Director, is making an effort to have Commander Booth sent to Kentucky to aid in the speaking campaign which will precede the drive proper the closing week in June. Though there is wide demand for her as a public speaker in all parts of the country, it is hoped by Director Sobel that he will be able to have Miss Booth sent to Kentucky for at least one meeting at Lexington, and perhaps, at other of the district headquarters. The ten district directors of the campaign will meet Colonel Sobel

and national and regional officials of the Home Service Fund campaign at luncheon at the Phoenix Hotel next Sunday at noon. Besides the field representative of the State headquarters, G. W. Harper, of New York, Colonel William Evans, of Pittsburgh, Tennessee, Ohio and Pennsylvania; Brigadier David E. Dunham, of Cincinnati; Major H. E. Bullis, of Pittsburgh, late of the U. S. Army and now regional director for Kentucky and Tennessee since his return from France, and Miss Sophie Devine, of Pittsburgh, director of the poster campaign in Kentucky and Tennessee, will attend the luncheon as guests of Colonel Sobel and aid in the mapping out of the Kentucky campaign.

Following this luncheon the organization by counties will be completed and county chairmen and secretaries chosen in every county. The district directors who will attend the luncheon Sunday are Aubrey Hester, at Mayfield, D. Burr Jones, at Owensboro, Bayard H. Hedrick, at Louisville, in charge of the counties nearest to that city; C. D. Royce, at Bowling Green, Miss Anne Coughaine, at Lexington, in charge of Central Kentucky counties; C. H. Moorman, at Covington, James S. Golden, at Richmond, H. N. Woodson, at Barbourville, and E. H. Decker, at Paintsville.

CAUSE OF HEADACHE

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these tablets. They are easy to take and mild and gentle in effect.

MAIDS' MILLENNIUM REACHED IN THIS ADVERTISEMENT

The servant problem has reached an acute stage, both in New York and in New Jersey, but so far as is known this advertisement, which appeared in The Times, of Montclair, N. J., gets the little brown derby: "WANTED—Lady to assist in housework. Must be stylish. Fingers well manicured. Willing to have breakfast served in bed. No washing, no cooking, no cleaning, no sweeping or dusting. Flowers and bonbons provided. Salary or stipend \$200 a month. Limousine will call." So far there have been no answers.

FOR A SPRAINED ANKLE.

As soon as possible after the injury is received get a bottle of Chamberlain's Liniment and follow the plain printed directions which accompany the bottle.

HIGH SCHOOL BIBLE STUDY CONTEST.

The Cynthia High School wins the sweep stakes silver trophy offered by the Kentucky State Y. M. C. A. in the annual Bible Study Contest among High School boys. This trophy was won last year by Nicholasville. Any high school winning the trophy three times keeps it.

Cynthia also wins the cup offered for schools of its class and will keep this prize. Heath High School in McCracken county wins the cup in schools of its class and will keep it.

Boys in forty-three High Schools in State entered the contest and 36 finished, boys in 23 schools taking the final written examinations, a total of 1,660 High School boys were enrolled.

The Bible Study contest course was one of a number prepared under the direction of the International Y. M. C. A., and the general topic was, "Jesus the Leader." The schools of the State were divided into three classes; class one for schools of 300 or more boys enrolled; class two from 50 to 300 boys enrolled, and class three from 10 to 50 boys enrolled. No high school having less than 10 boys enrolled was allowed to enter and so a number of country high schools were allowed to enroll boys in the eighth grade. The decision was on points of enrollment, attendance and final written examination.

The contest for the State Trophy was a hot one. Cynthia with a total of 4,070 points, was only 36 points ahead of Franklin. Heath was third, Barbourville fourth and Nicholasville, the winner last year, fifth.

In schools of the second class, Cynthia was first, Franklin second, Paris third and Maysville fourth. In schools of the third class, Heath was first, Barbourville second, Nicholasville third, and Mt. Sterling fourth. Heath was only 12 points ahead of Barbourville and Nicholasville, and was only 6 points behind Barbourville.

On the final examination 604 boys took the written test and turned in their papers. Of these 536 passed with a grade above 65. Three High Schools made a perfect score on the final test, each boy entering passing the grade above 65. They were Cynthia, Barbourville, and Slaughters.

STEPHEN FOSTER BUST TO BE UNVEILED JUNE 7.

The unveiling of the Foster bust will take place at the annual celebration of the State Historical Society, in Frankfort, on Boone Day, June 7. The exercises will be held in the rooms of the historical society in the new capitol.

One of the interesting features will be the singing of the Foster melodies by a quartette. Included in the number will be, "Come Where My Love Lies Dreaming," "Camp Town Races," "Gentle Annie," "Way Down Upon the Swannee River" and "Old Black Joe."

The introductory address will be made by H. V. McChesney, and the unveiling of the bust will be done by Stephen C. Foster. The Rev. F. W. Eberhardt will deliver an address on "The Immortality of Songs" and Adjutant General James Tandy Ellis will read a poem. The invocation will be made by the Rev. J. Carlton Pelgrim.

It is expected that Young E. Allison will accept an invitation to read his "Defense of Stephen C. Foster," as a "never do well." J. Christian Bray, of John Crevar Library, Chicago, and Mrs. Neilsen, the Georgia poetess, have been invited to contribute to the program.

Do You Enjoy Life?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

RELIGIOUS.

The seventeenth annual meeting of the Woman's Missionary Union of the Elkhorn Baptist Association was held in the Baptist church at Versailles yesterday, Mrs. J. O. Smith, of Versailles, presiding. An excellent program was presented. Mrs. Wm. O. Hinton, of Paris, addressed the meeting on the subject, "What Do You Mean By Giving One-Tenth to The Lord?"

The Christian Endeavor Society of the Christian church will meet in the church parlors Sunday evening at 7:00 o'clock. The subject will be "Our Relation to God." Leader, Mr. J. W. Brown.

Children's Day will be appropriately observed with a fine program at the Christian church next Sunday morning. The program as prepared embraces a number of recitations, songs, duets by the children, and an address by the pastor, Rev. W. E. Brown. The entire program will be found in the Church Bulletin, which will be distributed to everyone coming to the church next Sunday morning.

An all-day meeting of the Woman's Missionary Society of the Baptist church was held Tuesday in the church parlors. The forenoon was spent in sewing, and in hemming napkins for the Oneida Institute, a mountain school located in Clay county, conducted under the auspices of the Baptists of Kentucky. At the noon hour a delicious luncheon was served by the class of Mrs. W. W. Hinton. In the afternoon a varied program, under the direction of Mrs.

W. O. Hinton, comprising musical selections, addresses and other features, was observed. One of the principal addresses was that made by Miss Maggie LeCompte, of Lexington, who gave an entertaining history of the progress of the Oneida Institute, which at present has a school property valued at \$100,000, with fine buildings, a fine farm, a large saw mill and wood-working shop.

Next Sunday is Children's Day at the Presbyterian church. An especially interesting program has been prepared for this occasion, and all who attend will be more than repaid. It will be a program of song and story aptly illustrated by the young people of the Sunday School, assisted by the choir and Captain and Miss Harbison. The exercises will begin promptly at 10:45 a. m.

Christian Endeavor at 7 o'clock. There will be no services at night.

PRETTY ACTRESS MOLLIE KING
WEDS KENNETH D.
ALEXANDER.

The marriage of Miss Mollie King, prominent star of the New York musical stage and also a screen player of prominence to Kenneth D. Alexander, master of Woodburn Cottage, at Spring Station, Ky., is the culmination of a romance which began last summer when Mr. Alexander, then in the naval aviation service, was on duty at an air station on Long Island.

Mrs. Alexander, although for several seasons a Broadway star, is in the very early twenties, having made her first pronounced hit in one of the early Winter Garden extravaganzas, when barely sixteen. Since that time she has been among the bright stars in several successful Broadway musical shows, up to two years ago, when she deserted the speaking stage for the movies. After winning new laurels before the camera she returned to the stage last winter, co-starring with her brother, Charles King, in "Good Morning, Judge," a musical comedy adaption of Pinero's "The Magistrate."

During the winter Miss King was also one of the luminaries in the mid-night show on the Century Roof, but recently gave up the latter work to return to moving pictures.

Whether Mr. Alexander's bride will continue her stage and screen career, or whether she will come to Kentucky to live, has not been announced.

BIG CIRCUS HERE TUESDAY.

Next Tuesday, June 3, will be "the big day," at least for the children, whose little hearts will leap high with joy in anticipation of the coming of the great day, "circus day!" Lives there a man so old whose memory cannot hark back with delight to his boyhood days when the coming of a circus was one of the greatest events in life?

Gentry Bros. Pony, Dog and Horse Circus, bigger and better than ever, will arrive in Paris on the morning of June 3 and pitch its tents for two performances.

A street parade, reminiscent of the glories of the old-time circuses, will be given at 10:30 Tuesday morning. The afternoon performance will begin at 2:15, and the evening show at 7:30 p. m.

City licenses are now due and should be paid promptly to City Treasurer W. W. Mitchell. Penalties will soon attach to those failing to comply with this law. (27-5t)

LIQUOR SEIZED BY OFFICIALS
SOLD AT AUCTION.

Four thousand quarts of whiskey, gin and wine, which were seized by Government officials, in Louisville, since the Reed bone-dry law became effective, were sold at auction by Postmaster E. T. Schmitt in that city Tuesday morning.

Bidding was lively and several packages of bonded ten-year-old whiskey sold at \$76 a dozen quarts. More than \$20,000 was realized from the sale.

SIXTY-EIGHT CARLOADS OF

In the train were two carloads of fresh cucumbers, one car of vegetables, two of strawberries, five of tomatoes, three of new potatoes, forty-eight cars of pineapples and ten cars of stock.
